

Doo doo doo doo  
Doo doo doo doo doo doo  
Can always find your love  
Doo doo doo doo  
Doo doo doo doo doo doo  
No matter where you are  
Ohhhh no matter where you are

Hey, you found me  
I can't control my heartbeat  
Found me winding in circles cause I can't  
The way it makes me feel  
I'm feeling like you have been stuck  
On a love of music, make believe  
That music is all around and you feel the love  
Doo doo doo, oh oh oh

Listening to you, can't ever leave you  
Can always find your love  
Feelin the love, music is all around  
No matter where you are  
Music's my strength, ohhhh  
Where have you been

I'm flying into creation  
Heading to another day  
I've never been out this far so then I'm out  
Live to be me  
And that's a beautiful thing  
I wanna feel the love, and travel out and into the world  
Ohhh yeah, ooohhhh, traveling with you

Oohhh, your sound is singing to me  
And the way you  
Pull me to you, cause I'm nothing
